Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$500 per person / \$1,500 per family.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Preventive care and prescription drugs are covered before you meet your deductible .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes, \$50 for the Traditional Dental Plan. There are no other specific deductibles .	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan ?	Medical: \$3,500 per person / \$7,000 per family. For Non-Preferred facility and physical therapy providers in the Municipality of Anchorage: \$7,000 per person / \$14,000 per family. Prescription drugs : \$3,000 per person / \$6,000 per family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums, balance billed charges, and health care this plan does not cover, ER and hospital penalties, and penalties for failure to receive preauthorization.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you	Yes. See www.aetna.com/docfind	This plan uses a provider network . You will pay less if you use a provider in the plan's network .

Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.</p>
